ORDER GRANTING UNOPPOSED MOTION TO STAY

This matter having come before the Court on the unopposed motion of Plaintiff Junpeng Yang for a stay of this matter because of two pending alternative administrative requests for relief, and the Court being advised of the basis of this unopposed motion, and finding that a stay will promote judicial efficiency and preserve the resources of the litigants without unduly prejudicing either party's interests:

IT IS HEREBY ORDERED that plaintiff's unopposed motion to stay (Dkt. # 44) is GRANTED.

IT IS FURTHER ORDERED that within twenty (20) days of the resolution of the alternative administrative requests for relief, the parties shall file a joint status report with the Court.

The Clerk of the Court is directed to enter a statistical termination in this case from the Court's active calendar.

Dated this 7th day of May, 2021.

Robert S. Lasnik
Judge of the United States District Court
